Take Advantage of CVRD Water Rebates this Summer

Rebates are available to help support water conservation for residents who are connected to the Comox Valley water system. Conserving water today helps protect local water supplies, reduce demand on the system, and delay the need for costly infrastructure upgrades in the future.

Eligible residents are able to apply for the Smart Irrigation Rebate and/or the Soil Amendment Rebate. Applications will be processed on a first-come, first-served basis while funding lasts.
